

CARE & MAINTENANCE INFORMATION | PLEATED BLINDS

Verosol has a long tradition of supplying premium quality window furnishings across Australia and around the world.

Here you will be able to view our warranty video on Pleated Blinds, providing you with important information about correct use, care and maintenance of your Verosol Blinds and Shutters.

Here at Verosol, we are confident your decision will be rewarded in terms of product quality, performance and aesthetics.

Verosol Blinds and Shutters come with a five year nationwide warranty across the entire range, covering component failure and manufacturing issues*.

Operating Pleated Blinds

Verosol Pleated Blinds add contemporary elegance to any room decor, to maintain that look remember the following:

- Always raise the blinds if windows and/or doors are open, as a strong breeze could catch and damage the blind.
- Avoid exposure to wind or rain, as rain blown onto the blind might stain the fabrics and these spots could be difficult to remove.

Cleaning Pleated Blinds

Little is required to keep Pleated Blinds clean, as they are anti-static, meaning the product resists air-born dust.

- If dusting is required, use a soft brush or dusting cloth.
- Dirt marks or spills on the fabric must be cleaned ultrasonically. Think of this process the same as taking your silks to the dry cleaners. If the fabric in your blinds have a metallised backing;
- **DO NOT** spray window cleaner on or near the fabric.

For more information please contact your Verosol Specialist Retailer or call 1800 011 176

* Please retain your proof of purchase in the event you need to register a service call. Use not in accordance with the warranty videos are not covered by the Verosol Warranty. The Verosol 5 year warranty applies to products purchased as of the 1st January, 2009.
