

CARE & MAINTENANCE INFORMATION | ROMAN BLINDS

Verosol has a long tradition of supplying premium quality window furnishings across Australia and around the world.

Here you will be able to view our warranty video on Roman Blinds, providing you with important information about correct use, care and maintenance of your Verosol Blinds and Shutters.

Here at Verosol, we are confident your decision will be rewarded in terms of product quality, performance and aesthetics.

Verosol Blinds and Shutters come with a five year nationwide warranty across the entire range, covering component failure and manufacturing issues*.

Operating Roman Blinds

For maximum enjoyment from your Verosol Roman Blinds, we recommend the following:

- Always raise the blinds if windows and/or doors are open, as a strong breeze could catch and damage the blind;
- Avoid exposure to wind or rain, as rain blown onto the blind might stain the fabrics and these spots could be difficult to remove;
- If your Roman blinds are cord operated, make sure you pull the lift cord towards the centre to raise the blind, this eases friction between the lift cord and the locking mechanism and will also extend the life-span of the cord.

Cleaning Roman Blinds

Choosing the best method of cleaning will depend on the fabric of your blinds.

- Dust with a soft brush or gently sponge clean with warm soapy water, leaving the blinds down to dry;
- Spot clean any marks with a soft damp cloth, make sure the cloth damp not wet to guard against leaving water marks.

Verosol Metallised fabrics are anti-static, meaning the product resists air-born dust.

- If dusting is required, use a soft brush or dusting cloth.;
- Dirt marks or spills on metallised fabric must be cleaned ultrasonically. Think of this process the same as taking your silks to the dry cleaners;
- If the fabric in your blinds have a metallised backing;
- **DO NOT** spray window cleaner on or near the fabric.

For more information please contact your Verosol Specialist Retailer or call 1800 011 176
