

Haze

Sheer Curtain Fabric

Opulent Living

Designer: Alfredo Häberli

Luxury designer decorative sheer curtain fabric

Features

- Part of the Verosol Opulent Living Collection - Drapery fabrics developed to the highest quality standards
- Haze is a closely woven & translucent fabric. Due to small irregularities in its yarn it closely resembles cotton or wool
- As the light conditions change, the colour and structure of the curtains appear to change too. The mood they project changes throughout the course of the day. Haze features a colour palette of 12 neutral tones & some brighter shades
- Woven from 60% Polyester FR & 40% Polyester, Haze ensures soft drapability and easy care
- Haze is inherently flame retardant making it ideal for both residential and commercial applications
- Haze was designed by acclaimed industrial & architectural designer Alfredo Häberli

Cleaning and care

- 60/ Wash at max. 60°C, mild process, drip dry
- X Do not bleach
- X Do not tumble dry
- Iron at medium temperature (max. 150°C)
- P Professional dry cleaning with tetrachloroethylene, normal process
