

Movelite 35 & 60 Motorised Curtain Track

240VAC or 14.8V DC | Battery Operated Motorised Curtain Track System

Product Information

Verosol's **Movelite 35** is available in both battery and mains powered, whilst the **Movelite 60** is available in 240V AC mains powered only.

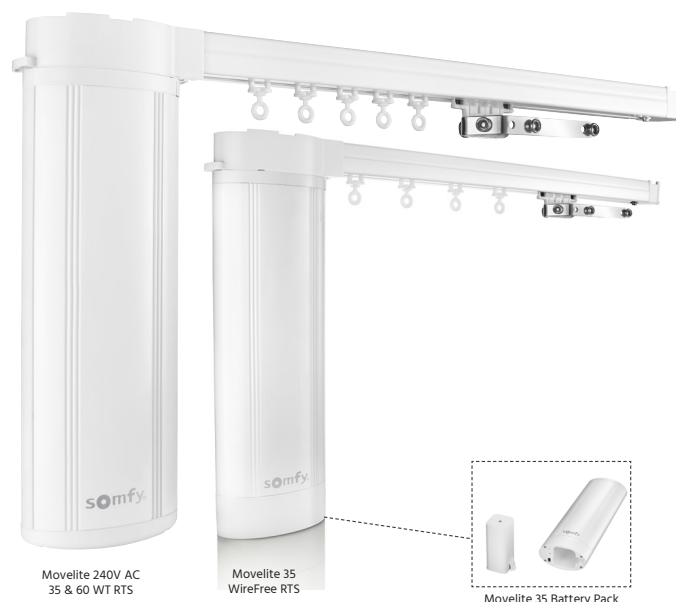

Movelite 35 & 60 WT RTS are 240V AC Mains powered curtain motors, whilst the **Movelite 35 WF RTS** is a Wirefree Battery operated 14.8V Motorised Curtain Motor. Both motors utilise the Glydea Curtain Tracking system. Both motor options add a layer of luxury and elegance to your home, with a stunning design that reflects your style.

With our Movelite motorised curtain systems you can control all your curtains easily via your smartphone or a remote control. Using our Movelite 35 WF RTS wirefree battery motor, you can achieve the same result without the need for any electrical hard wiring.

Verosol's Movelite 35 & 60 motorised RTS curtain track systems provide: Touch Motion to open & close your curtain by simply pulling on the fabric, plus the added security of manual override in case of power failure.
