

424 Verocell Burlington

Semi Transparent

Delicate woven fabric combined with style and functionality

Features

- Burlington is a delicately woven fabric combining style and functionality in a palette of 7 architectural colour tones
- This semi-transparent fabric has a refined look and feel and is designed to keep the heat out while allowing the light in
- The fabric's cellular structure has an insulating effect and helps to contribute to energy savings throughout the year.
- Suitable for 25mm Cellular Blinds

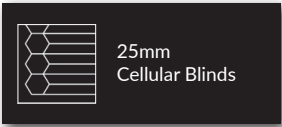

Care Instructions

For regular maintenance of your cellular blinds, use a soft feather duster or vacuum-clean with a soft brush dusting attachment in a low setting. Always exercise caution when spot cleaning. Use a clean lint-free cloth or sponge and dip it in warm water. Dry gently with a clean towel. Caution: Do not clean windows with any chemical products which make direct or indirect contact with the blind
