

463 Verocell Hickory

Semi Transparent

Luxurious fabric with a pure and timeless look

Features

- Hickory is a unique semi-transparent cellular fabric, with a sophisticated linen look.
- Available in a palette of six natural colour tones, it encompasses a white non-woven backing that diffuses light beautifully
- The cellular structure provides good insulation whilst creating an inspiring atmosphere in the home or office
- Hickory semi-transparent fabric has a white backing that provides a uniform appearance from the outside regardless of colour
- Suitable for 25mm Cellular Blinds

Care Instructions

For regular maintenance of your cellular blinds, use a soft feather duster or vacuum-clean with a soft brush dusting attachment in a low setting. Always exercise caution when spot cleaning. Use a clean lint-free cloth or sponge and dip it in warm water. Dry gently with a clean towel. Caution: Do not clean windows with any chemical products which make direct or indirect contact with the blind.
