

## Haileybury College - Melbourne

### Alessi Design Group

Type of Building:	Education
Project Location:	383 King St, Melbourne, Victoria
Architect:	Darren Carnell
Builder:	Harris
Product Type:	Roller Blinds
Product System:	Ambience Roller Blind
Fabric:	205 SilverScreen Semi Transparent
Colour:	Black Qty: 120

### Benefits of Verosol

Verosol's metallised SilverScreen fabric provides the highest level of comfort for students and teachers in the building. SilverScreen's high reflectivity levels significantly reduces solar heat gain in the building, which result in cost savings in heating and cooling. With large glass facades, glare is a major issue at certain times during the day. With SilverScreen, glare issues are eliminated, without compromising natural lighting and view through to the outside.
